*Dogs eligible for triathlon are placed against each other in a special conformation class, racing placements within racing and agility competitions are only amongst dogs eligible for triathlon, points = placements for racing and conformation, for agility points weighted by level (level 3 1st place = 1 point, 2nd place = 2 points, 3rd place = 3 points; level 2 1st place = 3 points, 2nd place = 4 points, 3rd place = 5 points; level 1 1st place = 5 points, 2nd place = 6 points, 3rd place = 7 points and so forth), placements for different jump heights combined within level, run time breaks placement ties in full house. For agility the better (lower) of the two scores (standard or game) is used towards the final agility triathlon score. For dogs that Q in both agility events 0.5 point is subtracted from the final agility score.
